

Assignment No.: 1

5 August, 2026

1] Prevent Applicant If, He is Eligible for Police Verification and Gender is "Male" or "Female".

Prevention Formula-

The screenshot shows the Salesforce 'Applicant Validation Rule' configuration page. The page title is 'Applicant Validation Rule'. Below the title, there is a description: 'Define a validation rule by specifying an error condition and a corresponding error message. The error condition is written as a Boolean formula expression that returns true or false. When the formula expression returns true, the save will be aborted and the error message will be displayed. The user can correct the error and try again.'

The configuration area is divided into three main sections:

- Validation Rule Edit:** Includes fields for 'Rule Name' (prevented_eligible_policeverf_male_female), 'Active' (checkbox), and 'Description'.
- Error Condition Formula:** Includes an 'Example' (Discount_Percent_c > 0.30), a 'More Examples...' link, and a 'Functions' dropdown menu. The formula being entered is: `AND ( Police_Verification_c = True, OR ( ISPICKVAL ( Gender_c , "Male" ), ISPICKVAL ( Gender_c , "Female" ) ) )`. A 'Check Syntax' button is present.
- Error Message:** Includes an 'Example' (Discount percent cannot exceed 30%), a description of when the message appears, and a text area for the error message: 'Invalid if it is Eligible for Police Verification and Gender is "Male" or "Female"'. There is also a section for 'Error Location' with radio buttons for 'Top of Page' (selected) and 'Field'.

On the left sidebar, there is a 'Quick Find / Search...' bar and a 'Salesforce Mobile Quick Start' section. The 'Administer' section includes links like 'Release Updates', 'Manage Users', 'Manage Apps', etc. The 'Build' section includes links like 'Customize', 'Create', 'Develop', etc.

Unit Testing-

The screenshot shows the Salesforce 'Applicant Edit' page. The page title is 'Applicant Edit'. Below the title, there is a 'Save' button, a 'Save & New' button, and a 'Cancel' button.

A red error message is displayed at the top of the page: 'Error: Invalid Data. Review all error messages below to correct your data. Invalid if it is Eligible for Police Verification and Gender is "Male" or "Female".'

The 'Information' section includes fields for 'First Name' (Bunty), 'Last Name' (Modi), and 'DOB' (8/3/2026). The 'Owner' is listed as 'Shiwani Jha'.

2] Prevent Applicant If, He is Eligible for Police Verification and Gender is “Male” or “Transgender” and DOB Year is before 2000.

Prevention Formula-

Applicant Validation Rule

Define a validation rule by specifying an error condition and a corresponding error message. The error condition is written as a Boolean formula expression that returns true or false. When the formula expression returns true, the save will be aborted and the error message will be displayed. The user can correct the error and try again.
